## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS

### **National Energy Trading and Services Limited** **Report on the Audit of Ind AS Financial Statements**

#### **Opinion**

We have audited the accompanying Ind AS standalone Ind AS financial statements of **National Energy Trading and Services Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit including other comprehensive income, changes in equity and its cash flows for the year then ended.

#### **Basis for Opinion**

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

### **Information Other than Ind AS financial statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for Ind AS financial statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of Ind AS financial statements**

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

### Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. According to the information and explanation given to us, the company has disclosed the impact of pending litigations as at 31st March 2024 on its financial position in its IND AS financial statements.
  - ii. According to the information and explanation given to us, the Company does not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. According to the information and explanation given to us, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
  - iv. The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
  - v. The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - vi. Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement
  - vii. The company has not declared or paid any dividend during the year.
  - viii. The Company has used such accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all transactions recorded in the software and the audit trail feature has not been tampered with and the audit trail has been preserved by the company as per the statutory requirements for record retention.

## ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of National Energy Trading and Services Limited of even date)

### **Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **National Energy Trading and Services Limited** ("the Company") as of March 31, 2024 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements,

**P. MURALI & Co.,**  
CHARTERED ACCOUNTANTS  
6-3-655/2/3, SOMAJIGUDA,  
HYDERABAD - 500 082. T.G, INDIA.

Tel. : (91-40) 2332 6666, 2331 2554  
(91-40) 2339 3967, 2332 1470  
(91-40) 2332 2119, 2331 7032  
Fax : (91-40) 2339 2474  
Email : pmurali.co@gmail.com  
info@pmurali.com  
Website : www.pmurali.com

whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

info@pmurali.com  
Website : www.pmurali.com

vi. According to section 148(1) of the Companies Act, 2013, maintenance of cost records has not been specified to the line of activity of the Company as the company is involved only in trading.

vii. According to the information and explanations given to us, in respect of statutory dues:

- (a) According to the information and explanations given to us and based on the records of the company examined by us, the company is generally regular in depositing the undisputed statutory dues except for few delays, as applicable, with the appropriate authorities. There were no undisputed amounts payable in arrears as at 31st March 2024 for a period of more than 6 months from the date they became payable
- (b) According to the information and explanations given to us there are no statutory dues which have not been deposited by the company on account of disputes, except the following.

Nature of due	Assessment Year	Amount	Forum where dispute is pending
Income tax (incl. Interest)	2017-18	Rs. 14.60 Lakhs	CIT(A)
Income tax (incl. Interest)	2018-19	Rs. 37.26 Lakhs	CIT(A)

viii. Based on our audit procedures and according to the information and explanations given to us, we are of the opinion that the company does not have any transactions which are not recorded in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act.

ix.

- (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year. The Company has not issued any debentures.
- (b) According to the information and explanations given to us and based on the records of the company the Company is not declared as wilful defaulter by any bank or financial Institution or other lenders.
- (c) According to the information and explanations given to us, no term loans were taken by the company during the year.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The company doesn't have any subsidiaries, associates or joint ventures.

- x. According to the information and explanations given to us
- (a) The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review.
- xi.
- (a) According to the information and explanations given to us, no fraud by the company or on the company has been noticed or reported during the year.
- (b) During the year, no Report has been filed in form ADT-4 with the Central Government as prescribed under Sub section (12) of Section 143 of the companies Act, 2013
- (c) As per section 177(9) read with rule 7 of the Companies Act,2013, Whistle blower policy is not applicable to the company because of the threshold limits.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it.
- xiii. The Company has not entered into transactions with related parties in compliance with the provisions of section 177 and 188 of the Act.
- xiv.
- (a) In our opinion the company has an adequate internal audit system which commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditors for the period under audit were duly considered by us in determining the nature, timing and extent of our audit procedures.
- xv. The Company has not entered into non-cash transactions with its directors or persons connected with him.
- xvi. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

### 1. Corporate Information

National Energy Trading and Services Limited (The Company) is a wholly owned subsidiary of Dikon Infratech Private Limited (DIPL) is engaged in the business of trading of Sand, Coal, Electricity and Raw Jute. The company holds a Power Trading License issued by the Hon'ble Central Electricity Regulatory Commission. It sources power from Generators (both internal and external), Distribution Companies, Public and Private sector power utilities and supplies to Public/Private sector Electric utilities, Distribution Companies, Industrial consumers and State Electricity Boards among others. The Company also trades power on the Indian Energy Exchange and Power Exchange of India Limited.

### 2. Basis of preparation

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

#### *(i) Compliance with Ind AS*

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015], [Companies (Indian Accounting Standards) Amendment Rules, 2016], [Companies (Indian Accounting Standards) (Amendments) Rules, 2017] and other relevant provisions of the Act.

#### *(ii) Historical cost convention*

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) and contingent consideration that is measured at fair value;
- Assets held for sale – measured at fair value less cost to sell;
- Defined benefit plans – plan assets measured at fair value; and

#### *(iii) Recent accounting pronouncements*

MCA has issued notification dated 24th March 2021, to amend the schedule III to the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for financial year starting from April 1, 2021.

### 2.1 Summary of significant accounting policies

#### I. Significant Accounting Estimates and Judgments

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Company's accounting policies, reporting amounts of assets, liabilities, income and expense and disclosures made. Although these estimates are based on management's best knowledge of current events and actions, actual result may differ from those estimates.

## **National Energy Trading and Services Limited**

Notes and other explanatory information to financial statements for the year ended March 31, 2024

The critical accounting estimates and assumptions used and areas involving a high degree of judgments are described below:

### ***Use of estimation and assumptions***

In the process of applying the entity's accounting policies, management had made the following estimation and assumptions that have the significant effect on the amounts recognized in the financial statements.

#### **Income tax**

The company recognizes tax liabilities based upon self-assessment as per the tax laws. When the final tax outcome of these matters is different from the amounts that were initially recognized, such differences will impact the income tax and deferred tax provisions in the period in which such final determination is made.

#### **Property, plant and equipment**

Key estimates related to long-lived assets (property, plant and equipment, intangible assets) include useful lives, recoverability of carrying values and the existence of any retirement obligations. As a result of future decisions, such estimates could be significantly modified. The estimated useful lives of property, plant and equipment and intangible assets are applied as per schedule II of Companies Act, 2013 and estimated based upon our historical experience, engineering estimates and industry information. These estimates include an assumption regarding periodic maintenance and an appropriate level of annual capital expenditures to maintain the assets.

#### **Employee Benefits- Measurement of Defined Benefit Obligation**

Management assesses post-employment and other employee benefit obligations using the projected unit credit method based on actuarial assumptions which represent management's best estimates of the variables that will determine the ultimate cost of providing post-employment and other employee benefits.

### **Critical judgments made in applying accounting policies**

#### **Leases classifications**

At the inception of an arrangement entered into for the use of property, plant and equipment (PPE), the Company determines whether such an arrangement is, or contains, a lease. The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of (i) whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets, and (ii) the arrangement conveys a right to use the asset(s).

Lease transactions where substantially all risks and rewards incident to ownership are transferred from the lessor to the lessee are accounted for as finance leases. All other leases are accounted for as operating leases.

#### **Impairment of Property Plant & Equipment**

The company assesses whether property plant & equipment and intangible assets have any indication of impairment in accordance with the accounting policy. The recoverable amounts of

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

property plant & equipment and intangible asset have been determined based on value-in-use calculations. These calculations require the use of judgment and estimates.

### Service concession arrangements (SCA)

The analysis on whether the Appendix C of Ind AS 115 applies to certain contracts and activities involves various complex factors and it is significantly affected by legal interpretation of certain contractual agreements or other terms and conditions with public sector entities.

Therefore, the application of Appendix C of Ind AS 115 requires extensive judgment in relation with, amongst other factors, (i) the identification of certain infrastructures (and not contractual agreements) in the scope of Appendix C of Ind AS 115, (ii) the understanding of the nature of the payments in order to determine the classification of the infrastructure as a financial asset or as an intangible asset and (iii) the recognition of the revenue from construction and concessionary activity.

Changes in one or more of the factors described above may significantly affect the conclusions as to the appropriateness of the application of Appendix C of Ind AS 115 and, therefore, on the results of operations or the financial position.

### Uncertainties resulting from global pandemic COVID-19

The Company has considered internal and external sources of information including credit reports, economic forecasts and industry report up to the date of approval of the financial statements in determining the impacts on various elements of its financial statements. The Company has applied due prudence in applying judgments, estimates and assumptions including performance of sensitivity analysis based on the current estimates in assessing the recoverability.

## II. Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost includes its purchase price (after deducting trade discounts and rebates), import duties & non-refundable purchase taxes, any costs directly attributable to bringing the asset to the location & condition necessary for it to be capable of operating in the manner intended by management, borrowing costs on qualifying assets and asset retirement costs. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The activities necessary to prepare an asset for its intended use or sale extend to more than just physical construction of the asset. It may also include technical (DPR, environmental, planning, Land acquisition and geological study) and administrative work such as obtaining approvals before the commencement of physical construction.

The cost of replacing a part of an item of property, plant and equipment is capitalized if it is probable that the future economic benefits of the part will flow to the Company and that its cost can be measured reliably. The carrying amount of the replaced part is derecognized.

Costs of day to day repairs and maintenance costs are recognized into the statement of profit and loss account as incurred.

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual values, estimated useful lives and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de recognition of the asset is recognized in the profit or loss in the year the asset is derecognized.

### **Depreciation**

Depreciation is provided on Straight Line Method, as per the provisions of schedule II of the Companies Act, 2013 or based on useful life estimated on the technical assessment. Asset class wise useful lives in years are as under:

Type of Asset:	Useful Life
Computers and equipment	3
Plant & Machinery	15
Furniture & fixtures	10
Vehicles	8
Office equipment	5

In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion.

### **III. Intangible Assets**

Where the Company enters into service concession arrangements under which the Company constructs, uses and operates certain assets for the provision of public services, construction revenue and costs are recognized in the profit and loss account by reference to the stage of completion at the balance sheet date while the fair value of construction service is capitalized initially as service concession assets in the balance sheet. Expenditure for the replacement and/or upgrade of the assets subject to service concession is capitalized.

Concession rights are recognized as an intangible asset to the extent that it receives a right to charge users of the service. Concession rights are stated at cost less accumulated amortization and accumulated impairment losses.

In all other intangible service concession assets, amortization is calculated by using the straight-line method over the licensing periods.

#### **Other Intangible assets**

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

### IV. Financial Assets

Financial assets comprise of investments in equity and debt securities, trade receivables, cash and cash equivalents and other financial assets.

#### **Initial recognition:**

All financial assets are recognized initially at fair value. Purchases or sales of financial asset that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the assets.

#### **Subsequent Measurement:**

##### **(i) Financial assets measured at amortised cost:**

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost using effective interest rate (EIR) method. The EIR amortization is recognized as finance income in the Statement of Profit and Loss.

The Company while applying above criteria has classified the following at amortized cost:

- a) Trade receivable
- b) Cash and cash equivalents
- c) Other Financial Asset

##### **(ii) Financial assets at fair value through other comprehensive income (FVTOCI):**

Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at FVTOCI.

Fair Value movements in financial assets at FVTOCI are recognised in other comprehensive income.

Equity instruments held for trading are classified as at fair value through profit or loss (FVTPL). For other equity instruments the company classifies the same as at FVTOCI. The classification is made on initial recognition and is irrevocable. Fair value changes on equity investments at FVTOCI, excluding dividends are recognized in other comprehensive income (OCI).

##### **(iii) Financial assets at fair value through profit or loss (FVTPL)**

Financial assets are measured at fair value through profit or loss if it does not meet the criteria for classification as measured at amortized cost or at fair value through other comprehensive income. All fair value changes are recognized in the statement of profit and loss.

##### **(iv) Investment in subsidiaries, fellow subsidiaries are carried at cost in the separate financial statements.**

## **National Energy Trading and Services Limited**

Notes and other explanatory information to financial statements for the year ended March 31, 2024

### ***Impairment of Financial Assets:***

Financial assets are tested for impairment based on the expected credit losses.

#### **(i) Trade Receivables**

An impairment analysis is performed at each reporting date. The expected credit losses over life time of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. In this approach assets are

Grouped on the basis of similar credit characteristics such as industry, customer segment, past due status and other factors which are relevant to estimate the expected cash loss from these assets.

#### **(ii) Other financial assets**

Other financial assets are tested for impairment based on significant change in credit risk since initial recognition and impairment is measured based on probability of default over the life time when there is significant increase in credit risk.

### ***De-recognition of financial assets***

A financial asset is derecognized only when:

- The company has transferred the rights to receive cash flows from the financial asset or
- The contractual right to receive cash flows from financial asset is expired or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.
- Where the entity has transferred an asset and transferred substantially all risks and rewards of ownership of the financial asset, in such cases the financial asset is derecognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is also derecognized if the company has not retained control of the financial asset.

## **V. Impairment of Non-Financial Assets**

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. Where an indicator of impairment exists, the company makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount the asset is considered impaired and is written down to its recoverable amount.

Recoverable amount is the greater of fair value less costs to sell and value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

### VI. Inventories

Construction materials, raw materials, consumables, stores and spares and finished goods are valued at lower of cost and net realizable value. Cost is determined on weighted average cost method.

Construction/Development work-in-progress related to project works is valued at lower of cost or net realizable value, where the outcome of the related project is estimated reliably. Cost includes cost of land, cost of materials, cost of borrowings and other related overheads.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

### VII. Cash and Cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term investments with an original maturity of three months or less. Deposits with banks subsequently measured at amortized cost and short term investments are measured at fair value through Profit & Loss account.

### VIII. Share Capital

Equity shares are classified as equity.

### IX. Financial Liabilities

#### ***Initial recognition and measurement***

Financial liabilities are recognized when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value plus any directly attributable transaction costs, such as loan processing fees and issue expenses.

#### ***Subsequent measurement – at amortized cost***

The measurement of financial liabilities depends on their classification as follows: -

#### ***Financial liabilities at fair value through profit or loss***

Financial liabilities at fair value through profit or loss includes financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through profit or loss. Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term. This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

The Company has not designated any financial liabilities upon initial recognition at fair value through profit or loss.

### **Other financial liabilities**

After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortization process.

### **De recognition**

A financial liability is de recognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

## **X. Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest, exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost and other costs that an entity incurs in connection with the borrowing of funds.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

## **XI. Employee Benefits**

- Employee benefits are charged to the statement of Profit and Loss for the year and for the projects.
- Retirement benefits in the form of Provident Fund are a defined contribution scheme and the contributions are recognized, when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.
- Gratuity liability is defined benefit obligations and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurement in case of defined benefit plans gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income and they are included in retained earnings in the statement of changes in equity in the balance sheet.
- Compensated absences are provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Re-measurement as

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

- The amount of Non-current and Current portions of employee benefits is classified as per the actuarial valuation at the end of each financial year.

### XII. Income Taxes

Income tax expense is comprised of current and deferred taxes. Current and deferred tax is recognized in net income except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current income taxes for the current period, including any adjustments to tax payable in respect of previous years, are recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the tax rates that are enacted or substantively enacted by the end of the reporting period.

Deferred income tax assets and liabilities are recognized for temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases using the tax rates that are expected to apply in the period in which the deferred tax asset or liability is expected to settle, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting income.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and reduced accordingly to the extent that it is no longer probable that they can be utilized.

Deferred tax assets and liabilities are offset when there is legally enforceable right of offset current tax assets and liabilities when the deferred tax balances relate to the same taxation authority. Current tax asset and liabilities are offset where the entity has legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### XIII. Provisions , Contingent Liabilities and Contingent Assets

#### *Provisions*

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the

## **National Energy Trading and Services Limited**

Notes and other explanatory information to financial statements for the year ended March 31, 2024

passage of time is recognised as interest expense and is recorded over the estimated time period until settlement of the obligation. Provisions are reviewed and adjusted, when required, to reflect the current best estimate at the end of each reporting period.

A provision for onerous contracts is recognized when the expected benefits to be derived by the company from a contract are lower than the unavoidable cost of meeting its obligations under contract. The provision is measured at the present value of the lower of expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the company recognizes any impairment loss on the assets associated with that contract.

Liquidated Damages / Penalty as per the contracts / Additional Contract Claims / Counter Claims under the contract entered into with Vendors and Contractors are recognized at the end of the contract or as agreed upon.

### ***Contingent Liabilities***

Contingent liability is disclosed in case of

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company where the probability of outflow of resources is not remote.

### ***Contingent Assets***

Contingent assets are not recognized but disclosed in the financial statements when as inflow of economic benefits is probable.

## **XIV. Fair Value Measurements**

Company uses the following hierarchy when determining fair values:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (prices) or indirectly (derived from prices); and,

Level 3 – Inputs for the asset or liability that are not based on observable market data.

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting dates. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The fair value for these instruments is determined using Level 1 inputs.

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

The fair value of financial instruments that are not traded in an active market (for example, over the counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is fair valued using level 2 inputs.

If one or more of the significant inputs is not based on observable market data, the instrument is fair valued using Level 3 inputs. Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments;
- The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves;
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the reporting dates, with the resulting value discounted back to present value;
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

### XV. Revenue Recognition

The company derives revenues primarily from business of Sand and Power Trading. The company collects Goods and Service Tax (GST) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence they are excluded from revenue. The following specific recognition criteria must also be met before revenue is recognized:

Effective April 1, 2018, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 1, 2018. In accordance with the cumulative catch-up transition method, the comparatives have not been retrospectively adjusted. The following is a summary of new and / or revised significant accounting policies related to revenue recognition. The effect on adoption of Ind AS 115 was insignificant.

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty. The company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent.

As per Ind AS 115 the Company has presented revenue from operations for certain contract with customers net of power purchase cost.

The company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

1. Identify the contracts with a customer
2. Identify the performance obligations in the contract
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations in the contract

## National Energy Trading and Services Limited

Notes and other explanatory information to financial statements for the year ended March 31, 2024

5. Recognise revenue when (or as) the entity satisfies a performance obligation at a point in time or over time.

The company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

- a) The customer simultaneously receives and consumes the benefits provided by the company's performance as the company performs; or
- b) The company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- c) The company's performance does not create an asset with an alternative use to the company and the company has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied. The company assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point in time in order to determine the appropriate method of recognising revenue.

### Trading of sand

In the arrangements the company is acting as a trader, the revenue is recognized on margin basis when the sale of sand are delivered to sand procurers because this is when the company transfers control over its goods from the company to such procurers.

### Trading of power

In the arrangements the company is acting as an agent, the revenue is recognized on net basis when the units of electricity are delivered to power procurers because this is when the company transfers control over its services and the customer benefits from the company to such agency services.

The company determines its revenue on certain contracts net of power purchase cost based on the following factors:

- a. Another party is primarily responsible for fulfilling the contract as the company does not have the ability to direct the use of power supplied or obtain benefits from supply of power.
- b. The company does not have inventory risk before or after the power has been delivered to customers as the power is directly supplied to customer.
- c. The company has no discretion in establishing the price for supply of power. The company consideration in these contracts is only based on the difference between sales price charged to procurer and purchase price given to supplier.

For other contract which does not qualify the conditions mentioned above, revenue is determined on gross basis.

### Income from Services

Revenues from services are recognized as and when services are rendered.

## **National Energy Trading and Services Limited**

Notes and other explanatory information to financial statements for the year ended March 31, 2024

### ***Interest***

Interest Income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

### ***Dividends***

Dividends are recognized in profit or loss only when the right to receive payment is established.

## **XVI. Foreign Currency Transactions**

Transactions in foreign currencies are translated to the functional currency of the company, at exchange rates in effect at the transaction date.

At each reporting date monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate in effect at the date of the financial statement.

The translation for other non-monetary assets is not updated from historical exchange rates unless they are carried at fair value.

## **XVII. Contract Balances**

**Contract asset:** Company's right to consideration in exchange for goods or services that the company has transferred to a customer. If company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, the entity shall present the contract as a contract asset, excluding any amounts presented as a trade receivable.

**Contract liability (Advance from Customer):** Company's obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer.

**Trade Receivable:** Company's right to consideration that is unconditional (only the passage of time is required before payment of that consideration is due).

Pre -contract cost of obtaining a contract with a customer is recognised as an asset if those costs are expected to be recovered.

## **XVIII. Minimum Alternative Tax (MAT)**

MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

## **National Energy Trading and Services Limited**

Notes and other explanatory information to financial statements for the year ended March 31, 2024

### **XIX. Earnings per Share**

Basic earnings per share are calculated by dividing:

- The profit attributable to owners of the company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares
- The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

### **XX. Segmental Reporting**

The company has more than one segment and segment reporting is disclosed in notes to financial statements accordingly.

#### 40 Financial Risk Management Objectives and Policies

- a. The objective of the Company's capital management structure is to ensure sufficient liquidity to support its business and provide adequate return to shareholders. As part of this monitoring, the management considers the cost of capital and the risks associated with each class of capital and makes adjustments to the capital structure, where appropriate, in light of changes in economic conditions and the risk characteristics of the underlying assets. The funding requirement is met through a combination of equity, internal accruals, borrowings or undertake other restructuring activities as appropriate.

#### b. Financial Risk Management Framework

The Company's principal financial liabilities comprise trade payables and Other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include Investments, Trade receivables, loans, cash and bank balances and other financial assets.

#### Risk Exposures and Responses

The Company is exposed to credit risk and liquidity risk. The Board of Directors reviews policies for managing each of these risks, which are summarised below.

#### i. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily for trade and other receivables) and from its financing activities, including short-term deposits with banks and financial institutions, and other financial assets.

#### Credit risk management

The finance function of the Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assesses the credit risk for each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

The risk parameters are same for all financial assets for all periods presented. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

Trade Receivables: The company has exposure to credit risk from trade receivables on trading of energy and other materials. In respect of trading of energy the company trades with public/private sector electric utilities, distribution company, industrial consumers and state electricity board, the company trades power on the Indian energy exchange, Power exchange of India, where the potential risk of default is considered low. In respect of trading of other materials the transaction are between the group companies, therefore the potential risk of default is considered low.

Bank Deposits: The credit risk is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.

Other Financial Assets: The Company ensures concentration of credit does not significantly impair the financial assets since the customers to whom the exposure of credit is taken are well established and reputed industries engaged in their respective field of business. The credit worthiness of customers to which the Company grants credit in the normal course of the business is monitored regularly.

The maximum exposure for credit risk at the reporting date is the carrying value of financial assets as stated in the balance sheet.

#### Provision for expected credit losses

Loans: The Company provides for expected credit loss based on general approach (lifetime) expected credit loss mechanism as mentioned below

Reporting period	Gross carrying amount at default	Expected credit losses	Net Carrying amount
As at March 31, 2024	60.00	60.00	-
As at March 31, 2023	60.00	60.00	-

Trade Receivables : The company provides for expected credit loss under simplified approach.

**ii. Liquidity risk**

Liquidity risk arises from the financial liabilities of the Company and the Company's subsequent ability to meet its obligations to repay its financial liabilities as and when they fall due. The company monitors its risk to a shortage of funds.

The company's objective is to maintain a balance between continuity of funding and flexibility through the use of working capital facilities, and borrowings. The company has reviewed the borrowings maturing within 12 months and has secured adequate funding to meet these obligations.

The following table details the remaining contractual maturities of the company's financial liabilities at the end of the reporting period, which are based on the contractual undiscounted cash flows and the earliest date the company is required to pay:

Particulars	Less than 1 year	More than 1 year
<b>March 31, 2024</b>

	<u>March 31, 2024</u>	<u>March 31, 2023</u>
<b>i Income Tax Liability</b>	<b>51.86</b>	<b>51.86</b>
a. Company has recieved Demand notice U/s 156 of the IT act,1961 for Rs. 14.60 Lakhs for the Asst. Year 2017-18. As per the assessment proceedings U/s 143(3) expenses of Upfront fee debited to P&L was not admitted U/s 37 of the IT Act. Company has filed an appeal in CIT(Appeals) and the matter is pending before CIT (Appeals).		
b. Company has recieved Demand notice U/s 156 of the IT act,1961 for Rs. 37.26 Lakhs for the Asst. Year 2018-19. As per the assessment proceedings U/s 143(3) estimated expenses on investments has disallowed U/s 14A of the IT act. Company has filed an appeal in CIT(Appeals) and the matter is pending before CIT (Appeals).		
<b>ii Claims against the company not accepted by the company</b>	<u>March 31, 2024</u>	<u>March 31, 2023</u>
- Amount withheld by Tamil Nadu Generation and Distribution Corporation towards compensation	<b>600.00</b>	<b>600.00</b>
NETS had filed a petition before TNERC against the deduction of Rs.600 Lakhs equivalent to bid bond value from the bills issued by NETS. TANGEDCO had deducted the amount due to non-disclosure of complete facts as well as participation in the bid without having sufficient fuel allocation. The matter is pending in Hon'ble Supreme Court adjourned for filing of counter affidavit and rejoinder affidavit, if any.		
<b>iii Rajasthan Discoms Power Procurement Centre (RDPPC) has raised compensation bills amounting Rs.168 Lakhs for short supply of power for the months of Feb 2011, April 2011 &amp; May 2011. Against that RDPPC has adjusted EMD Rs.60 Lakhs and also filed a petition before Rajasthan Electricity Regulatory Commission (RERC) for recovery of balance amount of Rs.108 Lakhs. On 14.12.2016, RERC passed order against the Company. The Company filed an appeal before APTEL against RERC order, the same has been admitted and APTEL granted the stay on the RERC order for payment of sum of Rs.108 Lakhs. The matter is pending for further hearing.</b>		
<b>iv NETS has entered into a contract on 25-01-2012 with TANGEDCO for supply of electricity under MTOA from 01-10-2012 to 30-09-2016, electricity was supplied to TANGEDCO using escalation index rate specified by CERC at that time for payment of Escalable Capacity charges and Escalable energy charges. On 08-02-2017 CERC issued various notifications for amending the original notifications issued in 2012 and 2013 revising the Annual Escalation Rate. TANGEDCO has filed writ petition with Hon'ble High Court of Delhi against CERC notification issued on 08-02-2017. Delhi High court vide its interim order dated 07-02-2018 and 25-05-2018 has stayed the operation of the notification issued by the CERC dated 08-02-2017 till the date of next hearing. If the petition is dismissed by court, NETS will be liable to pay to TANGEDCO the difference between energy charges calculated as per old escalation index and new escalation index, and NETS can recover the same amount from Lanco Anpara Power Limited.</b>		
<b>35 During the FY 2018-19, NETS has given Rs.3,000 Lakhs as Security deposit in lieu of bank guarantee for supply of electricity to TANGEDCO for the period April 2018 to January 2019. In May 2019, NETS vide its letter dated 28-05-2019 has requested TANGEDCO to release the Security deposit. TANGEDCO has filed writ petition with Hon'ble High Court of Delhi against CERC notification issued on 08-02-2017 as detailed in the note no 34(iv). The company is of the view that ultimate recoverability of the security amount would dependent on the final outcome of the order.</b>		
NETS had applied for impleadment and Hon'ble Judge indicated that the same will be taken up subsequently after orders passed in the Applications for direction to the Petitioner to make payments, and the case is pending before the Court.		
<b>36 The Company had entered into short term power supply agreement in 2007 with Damodar Valley Corporation (DVC), however the power supplied fall short of the minimum guaranteed supply of 70% of the contract quantity, further DVC has cancelled the said agreement. Inability to supply power by DVC, company has claimed Rs.88.64 Lakhs from DVC. The court has passed the order on 28.01.2019 in favour of the company to claimed the amount with interest 18%. The respondent had an option of 3 months to appeal against the order, since, respondent did not prefer any appeal within three months of the order. Company has filed an application for execution of decree before the Learned Civil Judge (Senior Division), Small Causes Court, Sealdah on 28th January 2021 and the same is pending before the court. DVC has filed an appeal in the Hon'ble Calcuta High Court for granting stay in execution of decree and the same is granted by Hon'ble Court, the case is pending before the High court.</b>
